## **FOR IMMEDIATE RELEASE**

### **ABMA to Recognize Excellence in Boiler Innovation at BOILER 2022**

**Vienna, VA – February 22, 2022** – ABMA has launched the Excellence in Boiler Innovation (EBI) Awards recognize the most cutting-edge and impactful projects in the boiler industry. Boiler projects are a collaborative effort and our goal is to highlight all partners of highly successful projects, including key component providers and the innovative forward-thinking end-user.

Recipients will be selected by a panel of third-party ABMA member judges who will evaluate each entry based on completeness of application along with the innovation, value and creativity of the project that addresses the desires and challenges brought forth by the end-user.

The boiler manufacturer recipient will be recognized during BOILER 2022 along with ancillary partners and the end-user. All recipients will also be recognized in the next issue of Today's Boiler.

"ABMA's members are the leading boiler manufacturers and we are excited to recognize their impact along with all partners in the project including the end-user who has put their trust in our companies", stated Scott Lynch, ABMA President & CEO.

An All-Access registration enables an attendee to fully experience BOILER 2022 that includes the keynote session, educational sessions, 75+ boiler industry exhibitors in the expo hall, industry tours, social events and much, much more. Supply chain partners can also purchase one- and two-day expo only passes.

To register or for more details, visit [BOILER2022.com](http://BOILER2022.com) where you can also access a schedule of events and a current list of exhibiting companies.

*BOILER 2022 – ABMA Boiler Technology Conference & Expo takes place April 11-13, 2022, at the Hyatt Regency in Dallas, TX and will be the first and only event focused exclusively on the boiler supply chain.
